"Our northern neighbor is a centre of planetary power; it is the richest and most powerful nation, possessing a number of nuclear warheads that ranges between 5 and 10 thousand that can be exploded on any place in the planet with utmost accuracy. One would have to add the rest of his warfare equipment: chemical, biological and electromagnetic weapons as well as a huge arsenal of equipment for land, naval and air combat. These weapons are in the hands of those who claim they have the right to use torture".
